GRADUATES AND NON-GRADUATES

In the following pages an attempt is made to register the names, the academic degree or degrees, the home or permanent address, the present occupation, and the present address, of each of the graduates of Connecticut College, as recorded in the files of the Personnel Bureau.

To the list of graduates are appended the names of all other students who have finished at least one semester's residence at Connecticut College. An attempt has been made to give as complete information as possible concerning each of these.

Following the list of graduates and non-graduates of the respective classes are appended the names, the degrees sought, and the home addresses, of the members of the Class of 1925.

All concerned are asked to inform the Personnel Bureau of any errors in these pages, and are asked hereafter to communicate to the Bureau notice of any changes that should be made from time to time. It is only through such notification that the College can hope to produce and to maintain an accurate register.

3. A necrology of graduates.
4. A list of the members of the Class of 1934, with the home address of each member.
5. A list of the graduates by classes.
6. A geographical list grouping the graduates according to state or country and town or city of present residence.
7. An alphabetical list affording the names, the academic degrees (if any), and the present addresses of non-graduates.

Graduates and non-graduates are requested to inform the Alumnæ Secretary of any errors affecting themselves or others in these pages, and of any changes that should be made from time to time. It is particularly desired to secure present addresses of the graduates marked "lost address," and of the non-graduates. Only through such notices may the College hope to produce and to maintain a comprehensive and accurate register.
